SUNDAY SCHOOL

For Ages 3 to 12

(Preschool to std 6)

Physical Classes

8:45am / 11:15am

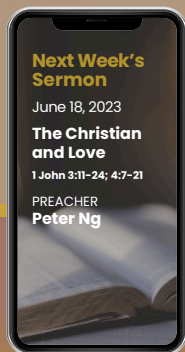

These are a collection of testimonies from a group underGamma (Gamma Group 3) who have journeyed together for over 3 years.

I was baptized on Christmas Day year 2008. I was a Sunday Christian and was happy with my life thinking that Baptism will save me and that I will go to Heaven, not until one Sunday, when I chance to attend FBC Subang Jaya Sunday service and my perspective took a

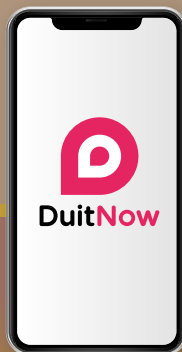

180 degree turn. I learned that the Bible tells me that salvation is by grace through faith.

My wife urged and persuaded me to attend the Alpha program to find out more about Christianity and how to live a life as a true Christian. She even offered to accompany me during the course, which she did.

Thank God for Alpha, which opened my spiritual eyes and ears. I then decided to join Beta Plus to study God's Word.

From there I took another step to grow in my spiritual maturity and to know Him more in a real and personal way, and Gamma is providing me the platform to journey in my spiritual life with my brothers and sisters in Christ.

There is indeed so much more to learn and understand who my God is, His nature, His character and His righteousness so that we can live a holy life, which is pleasing to Him. We are to be transformed to be more like Him.

Romans 2:2 (KJV) "And be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God".

In conclusion, I want to thank God for being so patient and merciful to me, and never giving up on me. All glory and honour to the Almighty God."
- Eddy Ong

.....

I came to FBC Subang Jaya in September 2019 and I was introduced to join Alpha programme. Followed by Beta, Beta+ and now Gamma. Thanks FBC for this programme over the past 3 years which I enjoyed learning and understood God's words with the help of the facilitators and group participants. We just completed Genesis in January. These would be my summary: God created this world. God is the greatest. We belong to God. God's love is unconditional. God is always with us, He didn't forsake us. Our purpose in life is to glorify and worship God and share His gospel to everyone. We are to love God and love others. We are to be obedient to His commandments. Our life on this earth is transitional/ temporary, our final home is in Heaven. To live is Christ, to die is gain. God's plans

are always better than our plans. Always give thanks to God whether during bad times or good times. We are so blessed to have a living God who is forever with us in our heart.

Encourage everyone to attend Alpha." - Peggie Tan

.....

Being in Gamma for about 3 years plus gave me patience and changed the settings of my mind. Before I have the anger issues, all I know is that I pray that's it. But now I know how to pray with the heart. Gamma gives me the knowledge and teaches me how to be patient in all the things I am doing, having more faith and security. I always want to apply this as much as possible. It always gives me the true understanding of the life of Jesus.

My group supports me in prayers and the fellowship that we are having is really feel that you have new family. I hope and pray that we can be more closely-knit, like sharing and motivating the group to come out and reach out. - Cathy Bate

In Gamma, I learn a lot through studying the Bible verses via video, slides and discussion with group members in expounding verses in depth and breathe in Gamma study.

Sometimes, a study could be 3 or 4 verses which by reading myself is short and simple in my little mind. However, through the study I am exposed to other verses of the Bible and it provides insights into the teaching of the scriptures which I do not expect and know of.

Also, I gain knowledge by the sharing of group members and answering questions of each study in the group. Members support each other in prayers when facing challenges and problems and rejoicing when the prayers are answered. We are expected to go through the video and slides and read the verses of the study. I could seek clarification, explanation from group leader if I have doubts and questions. When answering objective questions, one has to be careful and be attentive and precise. Discussion questions are interesting as different members have different approaches, views and responses. – Sharon Wong

If you haven't already, consider to join Gamma and explore God's word together with fellow FBC worshippers!

PrayerSpotlight

Prayer for Fathers

Lord, we thank you for all the fathers among us. In Your design for families, You have laid the responsibilities on them to provide care and leadership to their children. It's such an awesome job, Lord.

There are so many challenges faced by man today. On top of that, as his children grow up, as the years go by, the world they are exposed to continually brings challenges to them on how they can be effective fathers.

It is very tough to be a good and relevant father, Lord. There may have been disappointments, or difficulties in fathering their children, but we cannot judge Lord, as every child's journey of growth and exposure is unique.

However, we can trust and pray that You Lord, will do Your good work in every child, as the fathers recognise and accept their role in being part of Your plan to mould and nurture them in knowledge and wisdom. Help the fathers to listen to You, Lord, and to be obedient, and may You be pleased to bless them with joy and peace in their fatherhood journey.
