Study 7 The Gospel Renewal 2

1. What are the three ways of responding to God? What are the differences and similarities between the two ways of rejecting God? How do both of these contrast with a response to the gospel? Based on all the examples of behaviours and attitudes... are we as church more religion- or gospel-based?
2. Which is more prevalent in your personal life and ministry context? Which are you more likely to confront, and what can you do to restore balance to your ministry? In FBC, we have very strong pulpit, teaching and Bible study ministries... why is this not enough to change us?
3. The apostle Paul uses pictures of the gospel rather than pressure to lead people to change. Look at these passages to see how the pictures of the gospel are used to motivate people into spiritual transformation. (Ephesians 4:31-32; 1 Cor 6:9-11; Col 3:1-6)
4. Look at how the response of the woman to Jesus in the house of Simon is the picture of the gospel in Luke 7:37-50. How is this similar to our response to the gospel.
