

Study 6
Galatians 3:6-18

1. The gospel is about salvation by faith in Christ alone without the requirement of the law to merit salvation. How is this a threat to Jews and caused persecution by the Jews wherever Paul preached?
2. Why does Paul bring in the story of Abraham to bolster his claim that salvation is by faith in Christ alone?
3. In what way are we “sons” of Abraham if we are not descended from the Jews?
4. What is the problem of relying on obedience to the Law as a means of salvation? Gal 3:10; James 2:10. How is the Law and faith incompatible?
